

# WHAT'S ON

## Y3

SPRING  
2026

Welcome back to school- here is an overview for this term

### Welcome Back

**Welcome back for the new year! We hope you had a fantastic break. Year 3 have lots of exciting things to look forward to this year, If you need any more information, do not hesitate to do.**

**Class Teacher - Mrs Stuart PPA  
Teacher - Mrs Wyne Class TA - Miss Johnston**

### Science

Our topic this term is all about Rocks and, over the course of the term, the class will aim to recognise different rocks like sedimentary, metamorphic and igneous! The children will construct investigations to find the properties of the rocks and to explore fossils. We will be taking the learning outside.

### RE

**Focus question: Why are the Gurus important to Sikhs?**

This term, the unit of work will be Sikh Dharma. In this unit, the children will learn about Guru Nanak and how he founded the Sikh religion. They will link this with other religions and relate it to life.

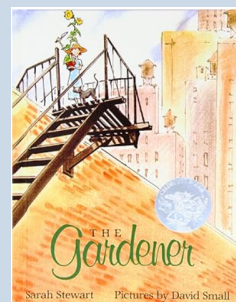

### PE

This term, children will continue to develop key skills of teamwork which will be taught through Gymnastics, Netball, Boccia and Net and Wall Games.

### English

During this term, we will be covering the following genres:

- Traditional Tales with a Twist
- Non-fiction - Letters

### Maths

The children will continue to incorporate The Five Big Ideas of Mastery in all maths lessons, our focus this term is numbers to 1000. Then moving onto manipulating the additive relationship and securing mental calculation.

### PSHE

**Living in the Wider World -  
Belonging to a community**

This unit will enable children to understand different communities and how we develop their values towards inclusion and diversity.

## Music

Children will be developing their singing technique through the theme Vikings and and exploring the Chinese New Year.

## Art

We are exploring working with space and colour and telling stories through drawing and making.

## History

Later this term, this unit is all about Ancient Egypt. They will develop their skills on investigating and using their prior knowledge to support their learning.

## Computing

This unit is Sequencing Sounds and discovering Date and Information by Branching databases.

## French

Learning a second language early in life enhances overall cognitive skills and improves brain development. So, we will be learning French greetings, numbers, colours and school life.

## Geography

We are going to do research of North America - The Rockies.

## Homework

Maths: Times Tables Rockstars for **10 minutes every night**.

Spelling: Your child will get spellings every week ready for a spelling test.

Reading: **10 minutes every night**

**M:**
