

WHAT'S ON

Y6

AUTUMN
2026

Welcome back to school- here is an overview for this term

Our Class :

Teacher – Miss Tudor

PPA cover – Mrs Wyne

Learning Mentor – Mrs Mulla-Ibrahim

Teaching Assistants – Miss Atkinson
– Miss Mulla

Maths

We will be continuing our mastery approach to maths in Year 6. The children will begin by developing their understanding of place value with numbers up to 10,000,000. Then we will move onto how to draw, compose and decompose a variety of different shapes.

Science

This term in Science, Year 6 will be exploring two fascinating topics. First, we will be learning about Living Things and Their Habitats, where children will investigate how plants and animals are classified and they will learn about the classification system Carl Linnaeus created.

Later in the term, we will move on to learning about Evolution and Inheritance. They will learn how living things change over time, how characteristics are passed from parents to offspring, and how adaptations help organisms survive.

PE

This term children will continue to develop key skills of resilience, tactics and game sense. This will be incorporated through Dance, Badminton, Netball and Orienteering.

English

During this term, we will be covering the following genres:

- Narrative – story based on Kensuke's Kingdom by Michael Morpurgo
- Non-fiction – Rewilding Manual for Schools
- Non-fiction – The Origin of Species
- Narrative – A Letter to Mr Scrooge based on A Christmas Carol

PSHE

Families and friendships

Attraction to others; romantic relationships; civil partnership and marriage

Safe relationships

Recognising and managing pressure; consent in different situations

Respecting ourselves and others

Expressing opinions and respecting other points of view, including discussing topical issues

RE

This term the children will focus on journeys in RE. They will learn how Christians mark the 'turning points' on the journey of life. Also, they will learn if Hindus believe there is one journey or many. This links to the Hindu belief of reincarnation.

Music

In Music, the children will be learning about dynamics, theme and pitch related to coastal areas. They will also learn some songs from WWII.

Art

The children will take on the role of a graphic designer by redesigning food packaging. They will create a 3D model of their finished design.

Geography

The class will be developing their field work knowledge about the local area with a focus on the North West. Within this unit they will use their map skills to investigate the key features of our region of the UK.

French

This term the children will be learning about how to converse, in French, to describe animals and their families. They will also be completing a revision of the French they have learnt previously.

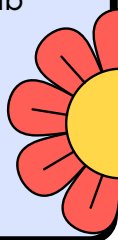

M: PE, Eco Club (after school)

T: Sign Language Club (after school)

W: Forest School, Football club (after school)

T: Choir and Netball (after school)

F: PE

Design & Technology

Children will be creating a textiles project with the help of computer-aided design.

History

Our new topic is the Victorians. There is a lot to cover including:

- The Industrial Revolution
- How different classes lived during the Victorian period
- How the lives of children changed

The children will also be developing their historical skills including, chronology enquiry and interpreting sources and communication.

Computing

In computing, the children will begin by learning about computer systems and networks which includes how computers communicate with each other. Later on in the term, they will design and build their own webpages.

Homework

The children will have a homework sheet, which includes some grammar and arithmetic questions, sent home every **Friday**. This needs to be returned the following **Friday**.

Spellings are tested every other week. The children will be sent home with their spellings and they will also be uploaded onto Spelling Shed.

Reading should be done every day.

Upcoming dates:

- 7th October - 9th October - Robinwood
